## THE FESTIVAL PROGRAMS

They Make Fascinating Reading for All Music Lovers.

Director Wm. R. Chapman made public Thursday the Festival programs. They show that a great treat is in store for the music lovers, especially with the new surroundings of the magnificent auditorium—and the organ.

Following is a brief synopsis of events as scheduled for the Festival which opens Oct. 14:

Director Chapman has arranged to have delegates from all the choruses in eastern Maine join with western Maine in rendering the program which he has selected as appropriate for this great opening night. The orchestra will play "The Dedication of the House," by Beethoven; Madame Nordica will sing "Let the Bright Seraphim," by Handel; Mr. Chapman will play the "Largo," by Handel, on organ with orchestra accompaniment; and the chorus will sing the grand "Hymn of Thanksgiving," by Cowen. The second part will include selections from "Die Meistersinger," for soloists, chorus, and orchestra; the "Liebestod" from "Tristan & Isolde," operatic arias by Bridewell and Ormsby; and will close with the ever popular Jubilee overture by Von Weber, soloists, chorus and audience joining with the orchestra, to sing the familiar strains of America. The soloists have also been especially selected for this opening night. Mme. Nordica will sing the first solo note in the sixteenth annual festival, and will be the first great singer to dedicate the new Portland auditorium to song, as she dedicated the Bangor auditorium sixteen years ago. The other artists who will appear are Mme. Carrie Bridewell, whose glorious contralto voice made her a favorite at the Metropolitan Opera House during her career in opera, and who is gladly welcomed now that she returns to the concert world, after an absence of four years; and Frank Ormsby, the famous oratorio singer, soloist in the Rockefeller Baptist church, who has sung with every prominent oratorio society in the United States.

## THE FIRST MATINEE

will be the orchestral program, and will include Mendelssohn's Concerto for the violin and orchestra, played by Frank Holding, a Maine boy who has won many honors abroad by his talented playing. He is an acknowledged master of the violin. Mme. Bridewell will be heard in an aria, and songs for which she is famous. The orchestra will give the first movement from Schubert's Unfinished Symphony, a suite by Tchaikovsky, and the Bach Prelude in E minor, also a number in memory of Massenet. The orchestra is surely a star attraction at the Festival, and will be better than ever this season. Its members have been selected from the Boston Opera House and Symphony orchestras, and include many solo players of great ability. Pierre Henrotte will again be the concert master.

## The Second Matinee

will present a popular program. The chorus will sing the most pleasing numbers, and Miss Lindsay and Mr. Ormsby will be the soloists. The organ will be heard at every concert, played by noted organists who will be announced later.

## The Second Night

will present Julie Lindsay, an American artist, who sang the leading soprano roles for three years in the Grand Opera House, Paris, and possesses an exceptionally beautiful voice. It will be the only appearance of an American soprano in the festival. Italian tenor, who made a success in New York last season, and is the special protegee and friend of Caruso and the great grandsons of the noted Italian composer, Giordano, Harold Meek, the young Canadian baritone, who sang with Tetrazzini during her great tour in the United States, winning many laurels for his artistic singing and beautiful voice, will also appear. The program will include in addition to operatic arias by the soloists, the first act from the opera of "Otello" by Verdi, never before rendered at a festival, several popular numbers by the chorus, and the favorite soldiers chorus from Faust. An innovation at this concert in Portland will be the singing of part songs by sixteen male voices, solo singers in the choir of Portland.

## The Third Night

Marie Rappold, who sang her way to the hearts of all festival hearers two years ago, will be the star. Mme. Rappold is a wonderful artist. Not only has she attained success at the Metropolitan Opera House, but she has been in great demand for festivals and concerts. She was the star of the 23d National Sangerfest held in Philadelphia in July, and afterward

sang in City Hall Plaza to 15,000 people, in the greatest open air concert in the history of the city. At this concert the scenes from La Gioconda will be rendered with Bridewell, Ormsby, Meek and Eustis in solo parts, and a popular program for the chorus.

Accidents will happen, but the best regulated family keep Dr. Thomas' Eclectic Oil for such emergencies. Two sizes 25 and 50c at all stores.

Cures brown-tail moth poison in five minutes. Ask your druggist for it. Prepared by F. L. BENNER, Waldoboro, Maine.

The U. S. Civil Service Commission will hold examinations on Oct. 1, 1912, for the following positions in the Engineer and Quartermasters departments at large and other branches of the government service in New England States: Blacksmith, carpenter, electrician, marine fireman, marine gasoline engineer, marine steam engineer, master, mate, oiler, plumber, stationary fireman and stationary steam engineer. No educational test is required and applicants are not obliged to appear at any place for examination. Applicants will be rated solely on training, experience and fitness, and physical ability as shown by application and medical certificate. Qualified persons are especially desired for the position of marine fireman, for which the supply of eligibles has not been equal to the demand. For application and examination blank, form 1800, address Edward E. Siebb, district secretary, P. O. Bldg., Boston, with whom applications for the above positions must be filed on or before Sept. 16.

## FALL MILLINERY STYLES

The Derby Idea is Basis of Many New Blocks—Postillon Shape Also Prominent.

It is noticeable that while the derby shapes of last season are not shown in the fall collections, the derby idea is the basis of many of the new blocks and frames. The derby crown is retained with a number of variations in the brims; they being both flat and rolled of various widths running to about three inches (for those that are rolled)—the flat brims even wider at times, reminding one of the Quaker brims. The same general idea goes into extreme shapes which droop both front and back. A shape of this sort is about 17 inches long and 13 inches wide, while the crown is from eight to nine inches high.

The Postillon shape is another of the prominent styles. In the Postillon the crowns are usually the regulation with great variation in the brims, which go to the length of 22 inches, width 14 inches. Very large flat shapes have not been done away with and through wide flanges above the brim or collars placed flat at the base of the crowns, they look different and very effective. Shapes of this sort have diameters of about 23 and 24 inches. Another feature is the Coolie shape, drooping parasol fashion all the way round. These have tall trimmings protruding from the centre of the tops, usually some sort of wing or feather with a cabochon base of plumage or silk material.

The dress shapes have (almost all) the elongated shape idea, and head sizes are almost invariably large to permit the hats to come down rather far, but not to obstruct the vision as was the case not so long ago. In the smaller shapes there are variations of the helmet, for instance having the sides come out in straight tabs above the ears, and placing a collar of about five inches around the back of the crown, turned down like the collar of an ulster, when it is half way up. Draped hats are long too—up to 18 inches. There are a few small draped shapes, but generally height is thought of in some way and when the crown isn't high, the trimming is "a la Colonel."

There are crowns that are thimble shape as tall as nine inches, but usually the crowns are more moderate, say from three and one-half to four and one-half inches.—The Millinery Trade Review.

## GEN. BOOTH DEAD

Famous Leader of Salvation Army Reaches End of Notable Career.

The Rev. William Booth general and commander in chief of the Salvation Army, died in London Tuesday night, Aug. 20. He was born at Nottingham in 1829.

The veteran Salvation Army leader was unconscious for 48 hours previous to his death. The medical bulletins had not revealed the seriousness of the general's condition, which for a week past, it is now admitted, was hopeless.

Twelve weeks ago General Booth underwent an operation for the removal of a cataract in his left eye. For two days after the operation indications justified the hope of the general's recovery. Then, however, septic poisoning set in and from that time with the exception of occasional rallies the patient's health steadily declined. The general recognized that the end was near and often spoke of his work as being finished.

## Returning Home

To leave unseen so many a glorious sight,  
To leave so many lands unvisited,  
To leave so many worthiest books unread,  
To leave so many visions bright!—

Oh! wretched yet inevitable spite,  
Of our brief span, that we must yield our breath,  
And wrap us in the unfeeling coil of death,  
So much remaining of unproved delight!

But hush, my soul, and vain regrets, be still'd;  
Find rest in Him who is the complement  
Of what we've lost or transcend our mortal doom,  
Of baffled hope and unfulfilled intent.

In the clear vision and aspect of whom  
All longings and all hopes shall be fulfilled.  
—R. C. Archbishop Trench.

## The Dog Day Fog

Now the dog days, mean and muggy,  
Uninvited hither come,  
Breathing air oppressive stagnant,  
Souring milk and people grim.

Lo, the fog, foul, dreary, drenching,  
Weird, wet, weeping everywhere,  
Spreading, sprawling, slumpy, gloomy,  
Shutting out the heavens fair!

Dripping, dribbling, driving, downing,  
Thrice unwelcome presence dull,  
Smothering island, man and mountain,  
Rolls the interloping mull.

Skulking off at sea by daytime,  
During darkness of the night  
Stealing in our shore and sight,  
Marring morn's desired light!

Woods it drabbles, drooping, drooling,  
Drops in duncen deep the bay,  
Hides the hills and veils the valleys,  
Far and near holds soaking sway.

Hovering heavy, chill and cheerless,  
Brooding baneful o'er the earth,  
Stifling work and play and pleasure,  
'Neath its grim and grizzly girth.

But we'll wake some glorious morning,  
Find our dog day dream i-o'er,  
Fog all banished into nothing,  
Fair and free our sea and shore!

## The Courier-Gazette

TWICE-A-WEEK.

**CIRCULATION AFFIDAVIT**  
Rockland, AUGUST 27, 1912.  
Personally appeared Neil S. Perry, who on oath declares that he is president in the office of the Courier-Gazette, and that of the issue of the Courier-Gazette of August 24, 1912, there was printed a total of 4,221 copies. Before me:  
J. W. CROCKETT,  
Notary Public.

The Democratic spellbinders who have been throwing such quantities of dust in the matter of State finances are brought sharply to task by T. F. Callahan of Lewiston, Republican candidate for state auditor, who is widely known as one of the ablest financial experts in Maine. Mr. Callahan, who was for many years city treasurer of Lewiston, has analyzed the State treasurer's reports for 1909-10, 1911-12, covering the Fernald and Plaisted years respectively, and has given out a statement that completely perforates the contention put forward by the advocates of Plaisted-Pattangallism. Mr. Callahan marshals his facts and figures in a manner that effectually disproves the absurd claims of the Plaisted administration. The Lewiston Journal paragraphs his article in this effective fashion:

1st.—The Plaisted administration taxed Maine about \$1,000,000 more in direct tax than the Fernald administration. You, the taxpayer, paid it!

2nd.—The Plaisted administration received in cash from State tax over \$2,100,000 more than the Fernald administration. It came from your pockets!

3rd.—The Fernald administration received from all sources \$7,800,019.42. The Plaisted administration will receive over \$10,142,000 from all sources in 1911-1912. You pay the difference of over two million dollars. And it is the biggest jump in the history of Maine. It is more than the whole appropriation bill was a generation ago.

4th.—Had not a dollar of State tax been levied by Plaisted's administration for the year 1911, the receipts from State tax of 1910 and the corporation taxes of 1911 would have paid all the bills that Plaisted's administration paid in 1911, including the left-over-bills, and had \$129,125.84 in the treasury Jan. 1, 1912. What do you say to that? Was Maine in a bankrupt condition when Plaisted took it over?

5th.—The total State tax levied for the year 1909-1910 was \$3,429,818.00. Of this amount the Fernald administration received \$1,657,994.46, and the Plaisted administration received of it \$1,769,000. In other words, of the Fernald State tax, Plaisted's administration has received \$111,005.54 more than did the Fernald administration which levied it. This shows conclusively that the bulk of the State tax of any year, although paid by the taxpayers in that year, is not received by the State Treasurer until the following year.

6th.—Had Fernald levied his five mill tax in 1909, and his three mill tax in 1910, instead of the reverse, he would have received \$850,000 more revenue on exactly the same state tax levied for use in his administration. This would have been more than enough to have paid the \$257,811.19 of the outstanding bills of 1910, paid by the treasurer during 1911, Page 51.

7th.—The Plaisted administration received in the first two months of its existence, \$2,035,475.47. This was before any State taxes of 1911 were collected. The administration had hardly taken its seat before the money began to pour in from the Fernald taxes. In January, 1911, alone, they received \$1,589,956.07. Does this look as though the Fernald administration left them bankrupt?

The largest vote ever cast in the State of Maine was 147,802. For the primary election this year more than a million ballots were printed and sent out. These ballots weighed more than twenty tons. Sample ballots, specimen ballots, wrapping paper, waste in cutting, etc., brought the weight of paper up to thirty tons. The State paid the express on these ballots. In 1910 the Republicans cast 64,641 votes. More than 350,000 ballots were sent to the Republicans for the primaries. In 1910 the Democrats cast 73,301 votes, and they received more than 350,000 ballots for the primaries. In 1910 the Socialists cast only 1,641 votes, and they also received more than 350,000 ballots for the primaries. The Socialist ballots which were sent out for 1,641 Socialist voters weighed more than seven tons—8½ pounds of ballots to a voter. These Socialist ballots were 10 inches long and 12 inches wide. Laid end to end the ballots would measure one hundred and four miles—twenty rods of ballots for each Socialist voter. Existing conditions and the law might have justified one-third this weight of material, one-third this amount of printing, and one-third the express bills and other expenses; but no sophistry can justify this reckless and wanton squandering of the people's money. What would the Democrats say if a Republican administration had sanctioned such a waste as this?

### "COVERED BRIDGE" POLICY

At Skowhegan Gov. Plaisted said: "If I am elected governor again, I will not be sheriff or a guardian of sheriffs. You people must elect men locally to enforce the laws, if you desire it enforced, or if not, adopt some other solution of the problem." Nice talk that for a governor seeking re-election. "Every sheriff for himself, and the devil take the hindmost; don't bother me"—Ellsworth American.

### CHAMP CLARK COMING

Hon. Champ Clark of Missouri, speaker of the National House of Representatives, will address a Democratic rally in the Arcade Thursday evening. County Attorney Howard will preside. The speaker comes here directly from Washington, and has but two other dates in this state.

Hon. Thomas Leigh of Augusta and Dr. G. L. Crockett will speak at Town Hall, Warren, Wednesday evening, Sept. 4th.

## Benner and Crockett

### Told the Voters in Postoffice Square Some Facts About County Affairs as Administered by Court House Ring.

A Republican rally was held in postoffice square Saturday evening, and though arranged on short notice, and brought into competition with the concluding events of Old Home Week, there was a large crowd on hand to hear the two speakers—C. A. Benner and Dr. G. L. Crockett of Thomaston. The meeting was presided over by Hon. H. L. Shepherd, chairman of the county committee, and music was furnished by Ingraham's Band.

Mr. Benner was the first speaker and devoted his remarks almost wholly to the county situation, with which he has familiarized himself by years of patient and intelligent study. He said in part:

We have met here tonight as stockholders of the corporation called Knox County to confer together whether we shall continue the present management of its affairs, or whether we shall place that management in other hands. In order to act wisely and intelligently it is necessary that we should review briefly the moral and financial affairs of this corporation for the last 12 years.

Dec. 31, 1901, there was \$21,034.74 cash in the treasury, and the county resources exceeded the liabilities by \$5,823.04. At this time there was a bonded debt of \$20,000 outstanding, \$10,000 of it falling due April 1, 1903, and \$10,000 April 1, 1910. The Board of County Commissioners consisted of two Democrats and one Republican.

April 1, 1905, the block of bonds then falling due was paid by cash taken from the treasury and Dec. 31, 1905, the resources over all liabilities were \$360. During these four years there had been one Republican and two Democrats on the Board of County Commissioners all the time.

Dec. 31, 1908, the cash on hand had shrunk to \$2,883.16, and our liabilities exceeded our resources by \$5,512.25. It was at this time that your County Commissioners realizing that the block of bonds falling due April 1, 1910, must be taken care of raised the tax rate from \$15,000 to \$22,000 per year—\$5,000 for the specific purpose of helping to pay the bonds when due. When the bonds matured, notwithstanding they had taken from your pockets \$22,000 for two years, they had to borrow \$15,000 to keep the county running so far in 1912; \$10,000 of this loan is dated last January, 1912. How many matured bills were suppressed in the statement of liabilities Dec. 31, 1911, and paid in January, 1912? I do not know just what they did two years ago, when they suppressed from their liabilities more than \$2,000 of matured bills and paid them the first day of January, 1912.

There is another reason why we should doubt the honesty and fairness of this last report. In the report for 1910 the county treasurer shows that they borrowed \$20,000 and Dec. 31, 1910 had cash on hand of \$10,027.27. Why did they pay interest on \$20,000 if they had so much surplus cash? We do not deny that they had the cash, but why keep it in the vault of some banking institution drawing no interest that reaches the county's treasury and the county paying interest on \$20,000 loan? Again in 1910 their report shows that they paid \$733.32 interest,

and in 1911 paid \$1,075 interest. For the two years \$1,808.32. Now, \$1,800 is 5 per cent on \$180,000 for two years. If we did not owe this interest bearing debt why did our officials pay interest to this amount? Is the county in debt, as we claim it really is \$18,000 or thereabouts? Notwithstanding that \$22,000 has been taken four years in succession from your pockets in direct tax?

To show you how this financing effects your pockets allow me to make a comparison between your tax rate in 1905 and 1910. In 1905 the valuation of Rockland was \$5,487,181 and in 1911 it was \$5,878,207, a gain of 7 and 1-10 percent. Your county tax in 1905 was \$157.54 and in 1911 it was \$82,446.2, a rise of 44 percent.

Mr. Benner presented an interesting tabulation, showing how Rockland had been robbed of one of its representatives through the reapportionment made by the last Legislature. The city's population of 8,174 is larger than the combined population of at least two other representative districts in the county and its valuation is nearly three times as large, yet Rockland for the next 10 years will have but one member in the Maine House of Representatives, as against two furnished by the classes to which reference has been made.

Knox county has six representatives under the new apportionment, and the average population per representative is 4,396. Contrast that with Rockland's population of 8,174. Lewiston with a population slightly more than three times as large as Rockland's, has five times as many representatives.

Arthur B. Packard of Rockport, candidate for state senator, and member of the House when the reapportionment was made, is the man to whom Mr. Benner attributed the loss of Rockland's representative.

Dr. Crockett's speech was awaited with a great deal of interest, because of the somewhat exaggerated reports concerning his remarks made in other towns.

He attacked the Democratic managers of Knox county, box and dice, and did not refrain from personalities as long as they had to do with the public character of the men arraigned. His speech was not nearly as fiery or radical as the ones which he made against the Republicans to years ago, but the thin-skinned Democrats, who now feel the sting of the tongue-lashing which they so keenly enjoyed, now hold aloft their hands in holy horror at "such methods."

The Court House Ring came in for scathing criticism, and the exposure of its methods has set the voters to wondering why they have so long tolerated such conditions. If the people do not believe Dr. Crockett's assertions on the stump, let them investigate for themselves.

Dr. Crockett had a word to say about the Democrats who are so solicitous to know whether the Republican candidates are Taft or Haines men.

"Let me ask a question," said the doctor. "Is Obadiah Gardner for or against the Court House Ring?"

Knox county orators have the following assignments for the remainder of the campaign: Hon. L. R. Campbell, Kezar Falls, Aug. 28; Brownfield, Aug. 29; Baileyville, Sept. 2; Dr. G. L. Crockett, Frankfort, Aug. 29; Troy, Aug. 30; M. A. Johnson, Bryant's Pond, Aug. 28; West Paris, Aug. 29; Hon. Reuel Robinson, Penobscot, Sept. 3; Sedgewick, Sept. 4; Southwest Harbor, Sept. 6; West Sullivan, Sept. 6.

There will be a Republican rally at Washington Mills next Tuesday, Sept. 3. Hon. L. R. Campbell, Dr. G. L. Crockett and possibly others, will be the speakers.

## A Cross Country Flight

### Thousands Thrilled as Mr. Gray Wends His Way From Trotting Park to Ginn's Point In An Aeroplane.

When George A. Gray of Boston flew from Knox Trotting Park to Crescent Beach Sunday afternoon he performed a stunt which is common enough in aeronautics, but it marked a new chapter in local history—for it was the first cross country flight ever made in this section of the state.

The same skepticism which led Mr. Gray's biplane could be made to fly at all (incredibly born of a previous fiasco in Knox county) was manifest in the crowd which assembled at Ginn's Point, drawn by the announcement of the Rockland, South Thomaston & St. George Railway that Aviator Gray would arrive there Sunday afternoon.

Vainly the pleasure-seekers scanned the western sky but the most awe-inspiring sight that met their gaze was a bunch of ominous, shadowy clouds, which presently spread themselves over Ginn's Point and spilled a surprising amount of the dampest kind of water.

When the shower had passed the crowd entered the various places of shelter and again earned their necks skyward. Still no aviator. The subject had almost passed out of mind, and interest was being centered on the steam that arose from the clambake, when President Black suddenly appeared around the corner of the Ginn homestead shouting: "Here she comes!" in a voice that would put Cables and his megaphone forever out of business.

There was a rush for the highest elevations, and far off in the west there could be seen a small object which was no bird—nothing that the eye had ever seen there before.

At first it did not seem to be moving at all. Then gradually it grew larger until the sightseers could make out the full form of the biplane, and could see its occupant. Handkerchiefs were waved, people shouted, Farnham's band played something—nobody knows what—and Aviator Gray looked down upon a crowd which had reached the limit of enthusiasm.

All well enough to read about the Atwoods, the Zeppelins and other kings of the air; all well enough to see moving pictures of aeroplanes; all well enough to see one scout around Knox Trotting Park, but the

glory of it all does not dawn upon one until he has seen an aeroplane coming through the air toward him at the rate of nearly a mile a minute, and at an altitude of perhaps 1000 feet.

Twice the aeroplane circled Ginn's Point, and the spectators from a view behind the trees in the vicinity of the Crescent Beach grounds.

When it became known that this had been selected as the landing place, a grand rush from Ginn's Point to see the aeroplane and the aviator.

Arriving at the extreme end of the field, to the northward of the baseball ground, the crowd found that the machine had landed, and had sustained some damage.

The aviator, as calm and collected as though he had just driven down in an automobile, explained that the power had suddenly failed him as the aeroplane flew from Ginn's Point the second time, and he had been unable to quite make the landing which had been selected for that purpose.

Soon after leaving the Trotting Park one of the cylinders ceased to work, and upon reaching Ginn's Point another went out of commission.

The flight occupied eight minutes, and the distance covered was about eight miles.

Leaving the aeroplane where it had landed, for repairs to be made on the succeeding day, Aviator Gray and friends went to the Crescent Beach House and enjoyed a shore dinner.

In the party were his manager, Henry Wandless and wife, Aviator Gray, Mr. Thomas of the Velvet Company and M. A. Johnson, chairman of the Carnival.

Another table sat Mr. Gray's mechanic, Chauncey Redding, and Llewellyn Mills of this city, whose services have been somewhat in demand during the aeroplane's stay here.

Although not the only pebble on the beach Aviator Gray was certainly the largest one there Sunday.

The flight took place shortly before 4 p. m., and the aeroplane was seen by hundreds of persons during its passage over the southern section of this city.

Today Aviator Gray and party go to Old Orchard for a series of flights. Upon their return there may be a flight to North Haven.

## ELECTED NEW PRINCIPAL

Harry W. Cobb, Submaster at Bath Succeeded Mr. Knapp.

The school board held a special meeting Saturday night and elected Harry W. Cobb of Bath as principal of the high school to succeed L. P. Knapp. There were nine applicants for the position.

Mr. Cobb is a graduate of Bowdoin college, 1900, and since that time has been submaster of Morse high school, Bath. In college he was a prominent member of the Glee Club, being proficient both as a vocalist and mandolin player. He belonged to Theta Delta Chi fraternity.

Among his classmates were J. Fred Knight and Edward S. Levensaler of this city. The recommendations offered to the school board were of the very highest character.

Miss Mary A. Strickland of North New Portland, who has been elected instructor in economics and history in Rockland high school, is of Pilgrim ancestry dating back to the Mayflower. She was born in New Portland, the daughter of Martin Luther and Anna Hopkins Strickland. She is one of the eighth generation, directly descending from the Stephen Hopkins who came over on the Mayflower. Miss Strickland is entitled to membership in the following societies: Colonial Dames, Mayflower Descend-

ants, Governor's Descendants and Daughters of the American Revolution. She was graduated from Colburn Classical Institute at the head of her class, winning the Scott-Libby prize and the Colby prize scholarship. At Colby last spring, she won the Mary Floyd Neely Memorial prize of \$50, offered by the Colonial Dames of Maine for the best article on some topic on Maine history, the competition open to all colleges in Maine. She was graduated from Colby with Phi Beta Kappa rank, the class number being 69.

Candidates for state teachers' certificates and entrance to state normal schools will be examined Friday, Aug. 30, beginning at 8 a. m., at the high school building. Teachers who have not sent in preliminary examination reports can take the examination and send in such reports later. Conductors of the examination will be prepared to furnish such with necessary blanks. All appearing for examination should take with them at least 20 half-sheets of writing paper 8x10 inches in size, a properly sharpened pencil, and at least a dozen pins to fasten papers together.

Place your order for strawberry plants now as new plants will soon be ready for delivery. W. C. Lufkin, R. F. D., Rockland, will mail you fall price list upon request.

We now turn our attention to politics.

Frank Lefevre and Mary Blagdon, both of this city, have filed intentions of marriage.

The next two Mondays are full of interest. Sept. 2 is Labor Day; Sept. 9 is state election day.

Mr. Gray's aeroplane weighs 1050 pounds, the weight of the engine alone being 186 pounds.

Sweet apples from Secretary Brunberg's farm in Camden were enjoyed by The Courier-Gazette staff yesterday.

At the next regular meeting of Penobscot Valley Grange the annual fair will be the subject of discussion. A full attendance is desired.

Charles A. Haskell has placed with W. A. McLain & Co. an order for an Oakland five-seater motor car of 1913 model, to be delivered about Jan. 1st.

The program at the Benefit Concert tomorrow night at Galilee Temple will be very attractive. Two eloquentists, quartets and selections of a high order will delight all who will attend.

Friction in the Wesleyan Grove Association, which controls affairs at Northport Campground, has led to the resignation of its president, Rev. Oscar S. Smith of Orono—formerly of Vinalhaven.

"That man understands how to present a case," said an admiring stranger in Sagadahoc court at Bath, Friday. The remark was addressed to Frank B. Miller, who had business in the Bath court, and the lawyer whom it concerned was Arthur S. Littlefield. The stranger was a prominent business man from Boston.

Dark Harbor has been entertaining distinguished visitors and past week, among them J. Pierpont Morgan, Congressman Nicholas Longworth and Hon. Lloyd Griscom. Mr. Griscom was in Rockland harbor one day, aboard the yacht Waters of which Capt. John Cushman, formerly of this city, is master. Vice President Newcombe Carleton of the Western Union Telegraph Co. is also yachting in this vicinity.

The survey of the steamer Norumbega, which recently went ashore at Clark's Point, near Southwest Harbor, was completed at the South Railway Friday. The extent of her damages is even more serious than first supposed; for while the hole in the steamer's bottom is a comparatively small one, the craft is badly strained and twisted. As soon as the engine and boilers are removed, the work of repairing the craft will be commenced.

Esten W. Porter of Brooklyn, formerly a member of the Rockland board of aldermen finds himself again plunged in the giddy swirl of politics, this time in Greater New York. As a member of the Progressive party he is chairman of his election district, a delegate to the state convention. "Watch the Bull," there'll be something doing this year. We are thoroughly organizing every election district in the Greater City," writes Mr. Porter to a member of The Courier-Gazette staff.

You will find the best ice cream of all delicious flavors at J. H. Meserve's, Rankin block.

One of the big events that will be pulled off Labor Day at Ginn's Point is the great trap shooting contest. There will be delegations from Portland, Bangor and Belfast gun clubs. In addition, the following professionals have written the management that they will be present: G. M. Wheeler, U. S. Cartridge Co.; P. E. Osborne, Winchester Repeating Arms Co.; Fred Fay, J. Stevens Arms Co.; H. B. Keller, Jr., Hunter Arms Co.; H. B. Temby, Dupont Powder Co. It is expected that E. A. Randall, the New England champion, will be with the Portland Gun Club. Others will probably be heard from later on in the week.

The new postal bill makes it obligatory upon postmasters to close offices of the first and second classes on Sunday. This has been in a sense optional with postmasters and closing has been favorably regarded by the public, inasmuch as patrons could get their mail through back boxes. But the new law cuts out this privilege inasmuch as it directs that no letters be put into the boxes. This means that the mail arriving at the Rockland office Sunday morning will not be available until Monday morning. Clerks will report at the office Sunday to work the outgoing mails and mails in transit but the local mail will not be put into the boxes until Monday. The new order is designed to cut down Sunday to the smallest figure and give postoffice clerks as far as possible a complete holiday on that day. How it will work out with the public it will be interesting to see. Probably a storm of protest will be raised. Letters bearing special delivery stamps will be delivered as usual. Postmaster Fuller has received orders to close the Rockland office and the measure will probably go into effect here next Sunday.

If you intend to set strawberry plants this fall, ask the conductor to drop you off at Lufkin's Farm, Glen Cove, where you can see just what you are buying, new strong runners from plants that were set in the spring and not allowed to fruit.

An icicle radish shaped wonderfully from a human hand was brought to The Courier-Gazette office yesterday by Mrs. Nettie Rolfe of Beech Hill.

A handsome bouquet of sweet peas from the garden of Mrs. C. M. Thomas at the Northend lent cheer to the editorial rooms of The Courier-Gazette yesterday.

Lowell Condon came into too close contact with the buzz planer at the Limerock Railroad repair shop yesterday afternoon and lost the tips of three fingers on the left hand. He received treatment at Knox hospital.

W. L. Rokes and son Lewis have gone to Stewart, Fla., accompanied by a crew of about 25 men from this vicinity. There they will construct a large cold storage plant, the work occupying all winter.

The Universalist Mission Circle will picnic at Mrs. C. M. Walker's, Owl's Head, Wednesday. The buckboard will leave Berry Bros. stable at 9:30 a. m. Thursday. All are requested to take dishes.

Raymond Staples, who has been employed at Woolworth's the past two years, has received deserved promotion, being now assigned to duty in connection with the opening of new stores. The young man has shown excellent aptitude for the business.

The Old Times' ball game between Rockland and Warren, postponed from last Saturday, will take place at Crescent Beach next Saturday. The delay gives Captain Will Robinson additional opportunity for training visitors.

Waterville Lodge of Elks will have a field day at Crescent Beach, Labor Day, with baseball game and other sports. Rockland Lodge has received an invitation to participate, and many of its members will avail themselves of the privilege. The Waterville Lodge had a fine time at the Beach a year ago.

Pleasant Valley Grange has received an invitation from F. W. Smith and wife to spend the day at their home in Verona Park. The steamer W. G. Butman has been chartered and the trip will be made Wednesday if pleasant, leaving Tillamook at 7 a. m. and returning leave Verona about 4 p. m. A repetition of the enjoyable visit of two years ago is expected. Friends of Mr. and Mrs. Smith not Grangers may attend by procuring tickets from the committee.

One of the big events that will be pulled off Labor Day at Ginn's Point is the great trap shooting contest. There will be delegations from Portland, Bangor and Belfast gun clubs. ## EMPIRE THEATRE

This week's opening offering at the popular Empire Theatre is one of the most remarkable motion picture shows ever presented. The big headline attraction is entitled "A Mother's Sacrifice," a three-reel production of nature's own ways, and one which every mother in this city should be sure to see, as it is one of the most marvelous picture stories ever put out by the film manufacturers, and will be shown at the Empire today for the last time. Another big attraction is a splendid one-reel feature entitled "A Charitable Young Lady," an excellent picture which has many interesting scenes, portrayed in a most pleasing manner by a cast of motion picture artists. Tomorrow there will be a change of program with three big feature pictures, and special music by the Empire Theatre concert orchestra. Don't miss any of this week's big programs.

## OWL'S HEAD

Road commissioner Martin with a crew of men is making much needed repairs on the road between Chescet Beach and the Head. The Rev. S. F. Russell preached one of his inimitable sermons at the chapel Sunday; and Rev. E. E. Longley, a former pastor, conducted the services in the evening. The church has been greatly benefited by its friends and helpers of the summer and notes with regret their departure.

John W. Hatch has gone to Wells as general manager of Wells' Sanitarium.

The many friends of Mrs. Jonas A. Brown, whose late husband so efficiently filled the office of postmaster, sincerely trust that the position will be transferred to her, feeling sure of her ability to fill it well.

## ROSE HILL FARM

Mrs. Harry F. Addison and daughter Phyllis, who have been spending the summer in town, have gone to Newtonville, Mass., where the family will make their future home. Miss Regina Helm of Indianapolis, Ind., who spent the season with the family, accompanied them as far as Boston on her return.

## CARELESSNESS OF AUTO DRIVERS.

Editor of The Courier-Gazette:

It is a wonder that more people are not injured or killed when so many amateurs are driving so recklessly in front of teams and street cars.

On Saturday an auto backed out of a garage on Park street on the railway track in front of a moving street car, and had it not been for the mobman's quickness in stopping his car the driver of the auto would probably have been severely injured. The driver had ample room on the side of the street to turn without having to go on the railway track, had he so desired.

The Waterville Lodge of Elks will have a field day at Crescent Beach, Labor Day, in which the Rockland Lodge of Elks will participate.

There will be baseball, all kinds of sports, with a special band in attendance other than the band already engaged by the South Thomaston Railway.

Joseph Dondis, manager of the Knox County Bottling Works, has just returned from New York, where he closed a deal with General Manager Dobbs of the Coca Cola concern, whereby he will have the exclusive privilege of bottling that beverage in the eastern section of this state. The Knox County Bottling Works will deliver orders at residences or wherever desired. Telephone 257.

Several other concerns sought this privilege and Mr. Dondis is congratulating himself that he "beat them to it."

M. C. Lufkin sent strawberry plants to Seattle, Wash., and Mayger, Oregon, in his spring, and they were received in perfect condition, which shows the hardness of the plants and the care taken in packing. Plants will be sent anywhere in the U. S. Get Mr. Lufkin's catalogue. His address is Box 125, R. F. D., Rockland, Me.

## OUR GRANGE CORNER

Echoes of the State Field Meeting—Pomona Entertained by Acorn Grange.

The annual series of State Grange field meetings is being held this month with general success, and usually large attendance. The speakers who are making this tour of the state are State Master C. S. Stettin of Greene, B. Walker McKee, State Lecturer of Fryeburg, and Dr. Leon S. Merrill, dean of the College of Agriculture of Orono. The meeting held in Knox county Aug. 15, at Burketville, was one of the best of the series, and after listening to the above named speakers, and carefully noting all that had been said upon the different subjects, Knox Pomona then presented an excellent program. Plans had been made to hold the meeting in the hall and the Melonak valley Grange had just purchased a new piano for the occasion, but as the day was extremely hot, for nearly 300 persons to sit in one room, the organ which had done many years of service was placed in the grove, and there the company was seated in the beautiful grove where they could breathe God's fresh air. The Patrons of Melonak Valley furnished dinner for the state speakers, and Knox Pomona officers. The meeting closed at 4 p. m., and nearly all who were present were able to reach their homes before a severe shower of rain which was rapidly traveling along as they made plans for their departure.

The members of the Grange were kept busy all day making and selling ice cream, which will help swell the piano fund. It was a day of pleasure for everyone.

After having its annual vacation Knox Pomona Grange met in regular session with Acorn Grange Saturday, Aug. 24, and right glad were the Patrons to again take up their duties and resume the work which was put aside when last they met with North Haven Grange in June. After the long spell of fog and heavy showers the day appointed for Pomona dawned clear and cool. On their arrival at the hall the Patrons of Acorn Grange were all ready to receive them, and although they listened to a most excellent address of welcome from the W. M. of Acorn Grange it needed no words to make the Patrons feel at home. After the regular order of business the fifth degree was conferred upon a class of 13, after which the hall was cleared and the tables were set for 150 as hungry Patrons as ever sat down to a Grange dinner. A most excellent feast it proved to be. A delicious chowder was served, and while it is not known who was the cook, it is now a well known fact that there are no better cooks in Knox county than the Patrons of Acorn Grange. After the noon recess the Grange adopted resolutions on the death

## IN ROCKLAND

The Evidence Is Supplied by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Rockland, what can it be?

Mrs. Emma F. Raleigh, 28 N. Main St., Rockland, Me., says: "In February, 1907, I was taken with a severe attack of LaGrippe and after recovering I found that my kidneys were disordered. From then until mid summer of the same year, I was practically laid up. I had distressing pains in my back and was so bad at times that I could not get up or down. I did not sleep well, being very nervous and often I was so dizzy that I was afraid to walk across the floor. I had hot flashes, and the secretions from my kidneys were in bad shape. I tried one remedy after another but nothing did me the least good and even doctors failed to relieve me. Finally I saw Doan's Kidney Pills advertised, and as they were recommended for troubles such as I had, I decided to try them, getting my supply at Hill's Drug Store. The first few doses helped me, and by the time I had taken the contents of two boxes I was cured. All my troubles disappeared and I felt like a different person."

The above statement was given August, 1908, and when Mrs. Raleigh was interviewed several years later she said, "I can still recommend Doan's Kidney Pills highly, and I willingly confirm my former endorsement of them. I am always ready to make the merits of this preparation known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Happiest Girl in Lincoln

"I am only too glad to testify to the good qualities of Chamberlain's Tablets."

Neb. "I had been suffering for some time with chronic constipation, stomach trouble and a terrible misery after eating, when I was taken sick with access of the bowels. We had some of the best doctors in Lincoln in attendance, and they all said I would have to be operated on right away. I had heard of Chamberlain's Tablets, and we got a bottle of them. I began to take them and in three days I was able to be up and get better right along. I am the proudest girl in Lincoln to find such a good medicine as these tablets are, and I can hardly believe myself that I am strong and healthy now. They saved me from a serious surgical operation."

Exceptional Measure.

## Rockland In War Times

Major Tillson Promoted to Chief of Artillery—Rockland's Quota Under New Draft, Reduced from 84 to 58.

The progress of the Civil War, especially relating to the interests of our own community, is set forth in this series of articles, reproduced from the Rockland Gazette files of the corresponding period in 1862.

The appointment of Major Davis Tillson to the position of Chief of Artillery in Gen. McDowell's corps is another recognition of Major Tillson's merits as a brave and capable officer, which we do not doubt will be advantageous to the public service as it is gratifying to his fellow citizens. In this connection we are glad to record the gallant service performed by our brave "Second Battery" at the battle of Cedar Mountain. The Philadelphia Inquirer's correspondent says:

"One of Major Tillson's batteries, the Second Maine, Capt. Hall, came gallantly up to the fire at Cedar Mountain and opened upon the flank of the rebel camp, near morning. His first shot killed Gen. Winder, and killed or wounded his whole staff, thus throwing the right wing of his army into confusion, and his rapid fire afterwards dealt death and destruction into them at a fearful rate."

A large and enthusiastic meeting of citizens was held in the city hall, pursuant to a call issued by the Mayor and Aldermen, to see if the City Council should be instructed to raise money to be paid to persons who should enlist or be drafted to fill Rockland's quota under the last call for 300,000 men.

The meeting was called to order by the City Clerk, and Samuel Bryant was called to the podium. O. G. Hall was chosen secretary. Remarks were made by several citizens in favor of paying a liberal bounty to those who should volunteer or be drafted to fill our quota, which were received with hearty demonstration of approval. The following resolve was unanimously adopted:

"Resolved, That the City Council be instructed to raise and offer to every man who shall be drafted as a part of this city's quota under the call of Aug. 4, for 300,000 men, and to every person who may be drafted to fill any deficiency under the previous call, the sum of \$200, to be paid to such drafted men, or their substitutes, when they shall be received and mustered into the service of the United States."

In order that there might be no misapprehension that our volunteers would be rejected under the Governor's order in which he states that no volunteer who is paid more than \$200 bounty will be received, the City Council has decided to draft men, or their substitutes. But in effect it is an offer for volunteers to fill our quota, who may go in as substitutes for drafted men, and receive their bounty. Such great inducement.

### THE WATER CURE

Few People Drink Enough Water

To maintain the proper amount of fluid in the system, to eliminate through the bowels and kidneys the waste products of the body, to drink a glass upon rising and between meals does not keep your bowels active and digestion good, remember the old reliable "L. F. Atwood's Medicine" has been successfully used for sixty years. Read this letter:

"I used to be subject to severe attacks of Bilious and Sick Headaches, but if I feel one coming on, I take the 'L. F. Atwood's Medicine.' It helps me every time. I would as soon be without water in the house as 'L. F. Atwood's Medicine.'"

ments were never before offered to volunteers. The bounty and pay will amount to \$35 per month for the whole term of service in addition to clothes and rations.

The time of service is only nine months, during the months when wages at home are the lowest, and when the season is best suited to active duty and holding captured places. It is stated that the nine months' men will probably remain two or three months in the State, and that they will then be employed in garrison duty and holding captured places. At all events the time of service is short, and at the best time of year, and they pay much better than a large majority of the population earn at home during the same time.

But no time should be lost in getting the men who are to fill our quota. Active measures should be taken to enlist all who are ready to volunteer. It is probable that many of them who may be drafted will desire to go themselves, and those who wish to volunteer should enroll themselves, among those who come forward and offered the places as "substitutes." This matter may be conducted precisely as if the city's quota were to be raised as volunteers, and citizens should push on the work and complete it in the quickest possible time.

The meeting at which the bounty has been voted for a similar purpose, and the citizens of Rockland, who have already done all that strict apportionment would require, under the present call will furnish the quota of men that the Governor has ordered, and are fully determined to bestow a suitable compensation upon those of their number who are to answer the call. Let the City Council now promptly reflect the emphasis of their constituents and our quota will be speedily filled.

This city owing very few, if any, men to the government under the last call for 300,000 of the militia, it was generally felt among our citizens that justice was done in calling for 84 men from Rockland, and representations to this effect were made to the Governor. In consequence of these or of a more careful examination of the position of our city, the quota of Rockland has been reduced to 58 men.

We have now 12 days left in which to raise 58 volunteers. Let our citizens go to work in earnest to accomplish this object, and, with the very liberal bounty of \$200 which will be given by the city, we think our quota will be easily filled. But the work will not be done without active and effort on the part of our citizens, and we suggest that a meeting be called at once to take measures to fill our quota.

Sailor Tom Sharkey, once a leading heavyweight pugilist with a record of standing 25 rounds before Jim Jeffries and giving the then champion one of the hardest battles of his career, announced himself Aug. 13 as a "contender for the white heavyweight championship of the world." Sharkey looks to gain his distinction after a long period of retirement by taking the measurement of Tommy Burns, whose defeat by Jack Johnson he has called at once "the world's title." Sharkey says he has been led to believe that Burns wants a return match with Johnson and expresses his own willingness to arrange a match with Burns "under any fair conditions the latter may name." He expresses confidence that if he takes a "course in strict training" he can re-enter the ring and defeat Burns.

## THE SECRET OF SUCCESS

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—their makers do not follow the principles of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been cured, to those who are in need of it.

In an interview on the subject a prominent local druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. A free trial bottle will be sent by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. Regular size bottles sold at all druggists—50c and \$1.00.

A. S. Jones of the Pharmacy, Chico, Cal., who has handled Foley & Co.'s medicines for many years, says: "I consider Dr. Foley's Honey and Tar Compound has no equal, and is the one cough medicine I can recommend as containing no narcotics or other harmful properties." The genuine in a yellow package.

### MAINE POLO LEAGUE

May be Started This Fall With a Team in Rockland.

Is Maine to have a roller polo league during the coming season?

The question is one which Thomas H. Sullivan of Boston, who was in Bangor recently is agitating and he hopes to arouse enough interest in six Maine cities during the next two months so that one may be organized and commence playing a regular schedule of games to last through the winter, along some time the latter part of October or early in the following month. Mr. Sullivan says that interest in roller skating was never greater in Maine than at present and that the record of league here in the past encourages him to think that, if organized along the right lines, one might be made a go here now.

It is Mr. Sullivan's idea to have a six-team league with clubs in Portland, Lewiston, Augusta, Bath, Rockland and Bangor. All of these cities have shown much interest in the game in the past, he says, and now that so large a portion of the population regularly patronizes roller skating rinks, he believes that the interest would be even greater.

Roller polo has had a strong hold on the people of some Maine cities. Notably Bath and Rockland, in the past. Although good sized crowds used to attend the games in Union hall here, Bangor people never supported their club to the extent that the residents of the other cities did. The support in both Portland and Lewiston was only fair, while conditions regarding polo in Augusta were much the same as they have always been there regarding a Maine league baseball team.

One trouble with Maine polo leagues in the past has been, according to Bangor people who have followed the game, that too high salaries have been paid. The salary list, together with the large expense necessitated by the distances the teams have had to travel by rail, has proved too great a tax on many of the club treasurers and the teams have blown up before finishing the season.

If a league is started this fall many of the polo enthusiasts in Bangor advocate a salary limit of \$20 or \$25 a week. They point out that local players are always developed ones and nearly as good as the imported ones and that the local men had been secured at from \$15 to \$20 weekly, whereas the out of the state men have been getting from \$35 to \$50. There is a good many here who would like to see a league formed and who would patronize the games regularly.—Bangor Commercial.

Robert W. Hertel, Lawrenceville, Me., who has been bothered with kidney trouble for two years, says: "I tried three different kinds of kidney pills but with no relief. My neighbor told me to use Foley Kidney Pills. I took three bottles of them and got a permanent cure. I recommend them to everybody."

### ALLIANCE AT WALDOBORO

Adolph Timm of Philadelphia, secretary of the National German-American Alliance, who has been at work in this state for some weeks forming branches of the Alliance has organized a branch of the Alliance in Waldoboro. It contains for members a list of names of the descendants of the original Borden Bay settlers whom Mr. Timm has found by a careful search of the records to have been Germans and not Dutch as they are generally called by people who do not know the story of their coming. This branch of the Alliance promises to be one of the strongest and most enterprising of all those organized. M. W. Levensaler was elected president and W. E. Benner secretary. There is a goodly charter list and indications are good for a prosperous increase.

**Almond Oxtun**  
Almond Oxtun was born in West Rockport, April 2, 1854, where he has resided the greater part of his life. His parents were Erastus and Mary (Barnes) Oxtun. He was engaged in the wood business for 20 years and his spare time in house painting. He had employment for a short time in the furniture business, being manager of the branch store on V. F. Studley's main store.

The cause of Mr. Oxtun's death which occurred on Wednesday morning, August 21, was a paralytic shock which he had on the previous evening. He had been in very feeble health since April, when he suffered from two similar shocks. Mr. Oxtun has lived in Glen Cove for three years. He was a Christian, having joined the Adventist church in South Hope some twenty-six years ago and he was a deacon of the church when it was organized. He was always liberal to the needy and ready to give a helping hand. He was a good neighbor, a kind and loving father and a devoted husband. He had made plans to attend the Oxtun reunion on the very day that he passed away.

Deceased leaves a wife, Alda R. Oxtun, two brothers, Alfonso L. of Camp Meeker, Calif., Amos B. of West Rockport and one sister, Mrs. Amelia McIntosh of Rockland, besides one son and three daughters, Herbert L. Oxtun and Mrs. Fred E. Achorn of Rockland, Cassie E. Oxtun of Glen Cove and Mrs. Virgie F. Studley of Rockland.

The funeral services were held Friday, August 24, at the home of Mrs. Edgar A. Burpee of Rockland officiating. The floral tributes were many and beautiful. The bearers were Oscar Gould and Daniel M. Keller of West Rockport and Nelson T. Clough of Glen Cove. Interment was in Achorn cemetery.

In the afternoon a float was loaned by Cowan's Camp and floated to the east shore of the lake where swimming contests, motor races, canoe races and other sports were enjoyed.

In the evening a very beautiful spectacular motor boat parade was witnessed by the large number of guests. The boats were all decorated in different ways with Japanese lanterns and colored lights. They paraded along the water front in lines and trailed many row boats which were decorated very prettily. Horns and firework were also in evidence and graphic scenes from the different cottages lent a charm peculiar to themselves. Altogether it was a day long to be remembered and everyone is looking forward to a larger carnival next year.

The cottage people consisted of about 100 people, some of our summer guests, were participants. Several of the larger cottages were decorated with lanterns and flags.

The installing officers were: Mrs. Jennie A. Lowe, Grand Worthy Matron; Mrs. Annie S. Arnold, G. M. R. C.; Mrs. S. Mary A. Mills, D. D. G. C. North Haven. The Temple was christened Sunset, No. 95, after the original name of the house in which the hall is located. The officers elected were: Mrs. Kate Webb, Past Chief; Mrs. Linnie Noyes, M. E. C.; Mrs. Ella Hollings, E. S.; Mrs. Emma Small, J. G. S.; Della Smiley, M. R. C.; Mrs. Violet Goss, M. R. C.; Mrs. Rose Connelon, M. P.; Mrs. Rose Turner, P. and Mrs. Lillian Noyes, G.

The degree team of North Haven Temple was also present and exhibited its floor work in a very pleasing and creditable manner. The work of the Temple was exemplified, with the assistance of the Grand Chief and degree team, by the initiation of two candidates—Galen C. Noyes and Miss Clara C. Hamblin, and which was completed by two tableaux, producing a grand effect. After this a recess was held and a collation served.

At a late hour the Temple was called to order again by Mr. West who offered a few introductory remarks relative to the occasion, which was followed by others with short speeches. At a late hour the meeting adjourned. The occasion was an enjoyable and highly entertaining one.

## VINAL-KUHNE

Married in West Rockport August 21, at the summer residence of Mrs. Miles Leach, her son, William H. Leach, a salesman with the Rambler Automobile Co. of Boston and Miss Emma F. Kuhne of Stafford Springs, Conn., a highly-esteemed teacher in the public schools of East Orange, N. J. The single ring service was used. Rev. S. E. Frohock of Camden officiated. The parlor of the Leach home was beautifully decorated in green and yellow. The bride was becomingly gowned in white silk trimmed with princess lace. Among the guests were Mrs. H. F. Kuhne, the mother of the bride, Mr. and Mrs. A. B. Packard and daughters, Mrs. J. B. Packard of Rockport, Mrs. M. A. Howard of Boston and Mr. U. E. Leach and family. The happy couple are followed by the best wishes of a host of friends. Mr. and Mrs. Vinal will make their home in Boston, where they will be at home after Oct. 1st.

THOMASTON'S CHALLENGE  
Not satisfied with the result of Saturday's game at Knox Trotting Park, Thomaston wishes another challenge at Rockland, and will play for \$50 a side. Manager Pearson of the Thomastons appeared at the Commercial-Gazette office yesterday morning and posted a forfeit of \$25. It is understood that Rockland will accept. The day and place have not been named. The game would certainly be a big one, in fact, until the conclusion of the final scene, and her descent to the stage, most of the audience were in doubt as to whether Mlle. Lorette and her dog were not the work of a sculptor. Carson & Brown showed some new and novel steps in the line of hard shoe dancing and had the audience with them from start to finish.

Manager Rosenberg has secured another big feature bill of Keith acts, beginning Thursday afternoon. Among the features will be Edna Lawrence & Dailey Brothers, in a very clever singing, dancing and change costume novelty, and Cole & Coleman in an eccentric musical novelty act.

ROCKLAND THEATRE  
The management again demonstrates the extreme worth of first-class Vaudeville. The program opened with the great Pathe feature (one of the greatest features ever produced by any film manufacturer of any country on earth). "The Orleans Coach," it tells the story of the great mail coach theft in 1795 for which the wrong man is found guilty, a thrill in every foot of film, a great story well told, well acted and well produced. Mlle. Lorette, with a perfectly trained dog, presents her latest creation, visions of old gold statues, in a manner which sustains the interest and attention of the audience throughout the act. The lady dressed in the garb of a huntress assumes with her dog the relative positions at different stages of the hunt, remaining perfectly motionless while in the view of the audience. The act is a perfect conclusion of the final scene, and her descent to the stage, most of the audience were in doubt as to whether Mlle. Lorette and her dog were not the work of a sculptor. Carson & Brown showed some new and novel steps in the line of hard shoe dancing and had the audience with them from start to finish.

Manager Rosenberg has secured another big feature bill of Keith acts, beginning Thursday afternoon. Among the features will be Edna Lawrence & Dailey Brothers, in a very clever singing, dancing and change costume novelty, and Cole & Coleman in an eccentric musical novelty act.

Miss Nellie Hinchborn of Stockton Springs is the guest of Mr. and Mrs. A. W. Benner.

IN BOOTH'S MEMORY  
Salvation Army Members Everywhere Will Pray While Funeral is Being Held in London.  
At the stroke of noon Thursday the wheels of all industries of the Salvation Army in America will be stopped in memory of General William Booth, whose funeral takes place at a corresponding hour in London. For four hours, while the impressive services are being held and the cortege is passing through the streets of London, every member of the Salvation Army in this country will drop his task and engage in prayer. Orders to that effect were sent out from the Army headquarters. Arrangements were also completed for a memorial service to be held simultaneously in every city and important town in the United States at 3 p. m. on Sunday, Sept. 1. One program has been drawn up for all of the 870 posts of the army in the United States and the various commanders have been requested to invite city and state officials, ministers of all denominations and Christians generally to take part in the country-wide memorial. Addresses will be made by clergymen and prominent citizens, regardless of creed. The order of services includes several of General Booth's favorite hymns and a solo, "Boundless Salvation," which was composed by the general. The services will open with a hymn, after which there will be a prayer and a reading of the Scriptures. Another hymn will follow and an address by the officer in charge. Short addresses will be made by clergymen and others. The Salvation pledge of consecration will then be repeated. There will be a concluding hymn and the benediction.

## The Carnival's Windup

Outdoor Sports and Aeroplane Flights Drew Big Crowd To Trotting Park—Rockland Won Prize Ball Game By a Close Margin.

The Five Days' Carnival officially closed at 11 o'clock Saturday night, when the lights were extinguished on the midway, and the crowd which had been enjoying itself throwing rice and confetti took a regretful leave. It is now all over save the reports of the various committees and the balancing of the books. A large sum of money was expended through the various departments and each committee manifested pride in spending it to the best public advantage. Already there is a general demand to have another carnival next summer, and several new features have been suggested. In view of the splendid success of last week's celebration it would certainly be a pity not to repeat next year.

The general committee in charge of the Five Days' Carnival comprised M. A. Johnson, chairman, H. M. Brown, Isaac B. Simmons, Ivan A. Trueworthy, Albert C. McLoon and David Talbot. They and the various committees which aided are entitled to the public thanks.

The program of sports which had been planned for Friday, on the Broadway baseball ground, was postponed to Saturday on account of the storm, and it was deemed best by the carnival committee to combine those attractions, with the aviation at Knox Trotting Park. A diamond was hastily marked out Saturday forenoon and although it was rather rough for playing purposes it did not make nearly as bad a substitute as everybody had supposed it would. There were about 1000 persons in the Park when the game started, and it is safe to say that three-quarters of them were drawn by the contest between Rockland and Thomaston.

As is usually the case in a game when interest is intensified there were numerous close decisions, and constant hickering over the umpire's decisions. Thomaston feels that it got the short end of the decision, but the loser would probably have felt the same, which ever way the game resulted.

The game did not open at all auspiciously for Capt. Fuller's aggregation, which was retired one, two, three.

Tenney hit to Flint and was an easy out at first. Brown hit a long fly to left field, and in jumping for it Bartlett did not get a firm grasp on the sphere. Lorraine of poodle-dog fame misjudged the ball, and Brown moved up to third on a passed ball. Gay's grounder was well handled, but the attempt to shut Brown out at the plate was a failure. Black scored on a passed ball, at which time it developed that one of Catcher Richardson's fingers had been badly split. A less plucky player would not have finished the game as he did.

Rockland got a fine start in the 2d inning. Linnell passed Weeks, and the Samost man stole second. Arthur Richardson was also passed. Weeks stole third, and Richardson was advanced to second. Lamb was hit by a pitched ball, and there were three on, none down. Weeks was forced out at the plate, but Richardson scored on a sacrifice. The next two men were easy outs.

Fielding errors and Gay's fly to center gave Thomaston another run in the 3d, and with the score 3 to 1 Manager Pearson's men were feeling very jubilant.

Rockland tied up the score in the 4th, on the strength of the Richardson brothers' hitting. Linnell's error and a passed ball.

The next and last score of the game came in the 7th inning, and in a manner that was very vexatious to Thomaston. Rokes the first man at the plate posted a high fly to right field, Henry McDaniel reached for it with one hand, but the ball struck glancingly and went into the arnica blossoms. The dazed fielder was unable to find the ball, and neither could his fellow players, until Rokes had made the complete circuit of the sacks.

Neither side could get a man around after that, although Thomaston claims that Black was safe at first in the 8th inning, but had been so declared, would have allowed Flyer to have crossed the plate with the run that would have tied the score.

Aside from the disputes, and the few errors due mainly to the rough field, it was a crackjack game, with the credit well divided among the players.

Tenney was the star artist, having eight putouts, one of which was a foul catch 25 feet beyond the base line. The modest Roger had to doff his cap.

Flint pitched one of the best games in his career. Any twirler who holds Thomaston's heavy batsmen to three singles is going some. The score:

The St. George Grange will hold its annual fair Oct. 9. Singleton's orchestra will furnish music afternoon and evening.

Mr. and Mrs. Ansel Farnham entertained friends at their home Thursday afternoon and evening. A most enjoyable time is reported.

Miss Abbie Mank of South Framingham has been a recent guest of Miss Ruth Hocking.

Prof. J. W. Keen of Patterson, N. J., Charlmers Jellison and Mrs. Beth Jellison were guests of Gertrude Brown last week.

Many of our people attended the Carnival in Rockland last week. Rev. Mr. Callahan of Martinsville exchanged pulpits with Rev. J. F. Jones Sunday.

There will be an entertainment by the Haskell family at the Grange hall Tuesday evening, Aug. 27. There will be a dance in the Grange hall Thursday evening, Aug. 29, Singleton's orchestra.

Double plays, Brown Black and Newhall. Passed balls, Peabody, Richardson. Umpires, Weymouth of Rockland and Thomas of Warren. Scored, C. Moran.

A considerable portion of the crowd remained to witness the other sports, in spite of the fact that supper had arrived. A summary of the events is all that space permits us to use. It is as follows:

Throwing baseball—Russell Bartlett 1st, Sherman Rokes 2d. Distance not measured.

Base-running—Donald Fuller 1st, Austin Richardson 2d. Time 15 seconds.

100-yard dash—Donald Fuller 1st, Russell Bartlett 2d. Time 10 3/5 seconds.

Broad jump—Donald Fuller 1st, Russell Bartlett 2d. Distance 16 feet, 3 inches.

A. E. Brunberg had charge of these events, M. W. Weymouth was starter and Orel E. Davies was timer. To them and their assistants, the committee on sports extends many thanks.

Aviator Gray made two flights of a very successful nature.

**CARNIVAL ECHOES**  
The eight horses which drew the Texas Oil Co.'s tank in last Tuesday's parade were driven by William Barrows. With him was the company's other driver, F. L. Payson, who is a veteran at the game.

Kenneth Scarles was the prize-winner in the greased pole contest in Thursday's water carnival. It's a habit he has.

The custom of rice-throwing, which was in vogue on the Midway must have brought no small amount of profit to the two Sea street Italians, who dealt in that commodity. One festive young couple made use of 16 pounds Saturday night. It had confetti beaten a mile.

Francis Lorraine, who disposed of several hundred poodle dogs on the Midway during the week, will sell the artificial canines at Bluchill fair this week. As a fat poodle dog has a little something on the teddy bear.

**ALMOST HAD SOCKALEXIS**  
Famous Indian Marathon Runner Would Have Been Here Had He Received Word in Season.

One of the few regrets in connection with last week's Carnival was that our people did not have an opportunity to see Andrew Sockalexis, the famous Old Town Indian Marathon runner, who participated in the Olympic races in Sweden.

F. A. Winslow, chairman of the committee on sports, received the following reply to his letter urging Sockalexis to enter the five-mile race of last Thursday:

Old Town, Me., Aug. 27.  
F. A. Winslow—I am very sorry that I could not be in Rockland for your race Thursday. I just arrived from New Hampshire, and had I known of your race sooner I would have been greatly pleased to enter. I have engagements at Bangor, Waterville and Lewiston ahead of me, at fair, and would be pleased if it was possible for me to get down there and run in your race. I thank you for your invitation, and if ever you have another race I would be delighted to hear from you. Very sincerely yours, Andrew Sockalexis.

The Triangular league, composed of Rockland, Thomaston and Camp Dorell, wound up its affairs with the games which were played on the Broadway ground last Wednesday and Thursday. It was a walkover for Thomaston from the start. Camp Dorell won half its games, while Rockland with more consistency than credit lost every game which it played. The final standing:

**Won Lost Per Cent**

Camp Dorell, 3 3 .300  
Rockland, 0 5 .000

"I would study business if I knew I could get a position" says a young man. Very likely. But Franklin said "An investment in knowledge always pays the best interest." Then why hesitate? At the Rockland Commercial College we have the "ways and means" not only to give the best possible training for business, but also to give the start. "I always apply at the Rockland Commercial College when I want a bookkeeper or stenographer" said a prominent business man to a reporter of the Courier-Gazette. The success of our graduates is the best advertisement of our school and we make no charge for filling positions either to the employer or student. Call, write or phone for catalog. ### THE WHITMORE REUNION

Was Held This Year in Old Jed Prouty's Town.

The 13th annual reunion of the Whitmore family was held Wednesday, Aug. 14 at Bucksport. There were 27 members present. A party of 20 from North Haven and Vinalhaven were prevented from coming by the thick fog which prevailed down river. They had planned to come in a motor boat. Dinner was served in the dining hall to which all did ample justice, thoroughly appreciating the baked beans, chicken, cake, pies, pickles and other good things always served at a picnic dinner. Mr. and Mrs. Richard Whitmore and Miss Laura Whitmore were the committee of arrangements and all voted it a success.

After dinner the meeting was called to order by the president, Avery Whitmore. Rev. E. S. Ufford of Rockland opened the meeting with prayer. The records of the meeting held in Camden last year were read by the secretary, Richard Whitmore, and the report of the treasurer, Mrs. Jennie Whitmore, followed. Reports accepted. A collection was taken at this time which was enough with the cash on hand to pay all expenses and leave a balance in the treasury for next year.

Report of committee on time and place of next year's meeting followed. Time, third Wednesday in August. Place, Hampden, at the home of Mr. and Mrs. Horace Whitmore.

An enjoyable program was presented. The secretary read letters from members of the Whitmore family who were unable to be present at this gathering. Remarks were made by Richard Whitmore, George Whitmore, Horace Whitmore, Katherine Whitmore, Maria Whitmore, Rev. and Mrs. Ufford, Mrs. Sinnott and others who responded with a few words as their names were called. "Uncle" John Whitmore was the guest of honor. Hale and hearty in his 88th year with faculties unimpaired he was the life of the reunion.

He was the first speaker, and all agreed with him in earnest as he jokingly said they couldn't have a reunion without him. The music was rendered by Rev. E. S. Ufford, Mrs. Ufford of Rockland and their two daughters, Mrs. Burrill of New York and Mrs. Griffin of Springfield. Mr. Ufford is the composer of the beautiful hymn known far and wide "Throw out the Life-line." To his own accompaniment he sang the song this day, and all joined in the chorus. Mrs. Burrill gave several piano solos which were much enjoyed. Closed by singing "God be with you till we meet again."

There were present Mrs. A. J. Whitmore and four children, Alice, Harold, Ralph and Avery of Bangor; Mr. and Mrs. H. C. Whitmore of Hampden; Mrs. George Abbott, Mrs. Austin Abbott, Mr. Sinnott and daughter Frances of Brewer; "Uncle" John Whitmore, Avery Whitmore, Mr. and Mrs. Richard Whitmore and four children, Augusta, who is assistant postmistress in Bucksport, John, Raymond and Edward, Miss Laura Whitmore, George Whitmore, Charles Whitmore of Verona and a few friends.

The officers were re-elected. President, Avery Whitmore; secretary, Richard Whitmore; treasurer, Jennie Whitmore, all of Verona.

Mrs. Griffin took several pictures of the Whitmores, and all hoped they would be good ones, for certainly all "looked pleasant."—Bangor News.

### BURROWS REUNION

The second annual reunion of the Burrows family was held at Oakland Park, Rockland, Wednesday, Aug. 14, 1912. About fifty relatives and friends were present, including Mrs. Orilla Bradford of Noank, Conn., and daughter, Mrs. W. I. Dingle of Malden, Mass., Mr. and Mrs. Frank Andrews of Wollaston, Mass., Mr. and Mrs. Joseph Carter, Mr. and Mrs. Leighton of South Hope, Mrs. Emily Bradford and family, Mr. and Mrs. C. Jones of Friendship, Mr. and Mrs. O. R. Keizer of Portland, Mr. and Mrs. S. A. Parker and son Carroll of Belfast, R. E. Burrows of Thomaston, Mr. and Mrs. Samuel Burrows, S. J. Burrows and family, C. F. Jackson and family, L. L. Mank and family, Mrs. Inez Shuman, Mr. and Mrs. M. W. McCobb, of Wadoboro, Mr. and Mrs. G. L. Burrows, son Jerome, Mrs. M. E. Gilley, H. J. Fitch and family, G. A. Carter and family, A. S. Carter and family, and Alden Bradford of Rockland. The day was very pleasant for the occasion and all reported a good time.

### A Painter

is apt to think that his interest lies with lead-and-oil paint.

No; it lies with a better paint than that; it lies with a paint that costs no more and outlasts lead-and-oil two to one.

"Lead-and-oil is good for 3 years" is a common saying. No, good lead-and-oil is good for 3 years.

A good job of Devco is as good for 6 years.

What! Does a painter's interest lie with a paint that cuts his business to half?

Yes; for it doubles it too. If one painter's paint lasts twice as long as another's, who gets the business in that town?
